## The Journey Home

On a single night in Stanislaus County there are as many as **250** children without homes. Some find shelters or stay temporarily with family or in a motel, but for others their home for the night is a tent, a car or outdoors.

*Here's how Family Promise helps:*

### Hospitality

In partnership with local congregations and our community we provide emergency shelter and basic needs to homeless children and their families.

### Housing Support

Together we create individual journey home plans. The plans become a map leading to jobs, education and housing. Private and government partnerships provide security deposits and short-term rental assistance.

### Homeless Prevention

Small one-time grants help to stabilize housing for low-income families and prevent homelessness.
